When will the snow get cleared?

Road Type: Use Markham's Winter Maintenance App on markham.ca/winter to find out what type of road you live on.	When does the City start salting?	When does the City start plowing?	How much snow is that?	How many hours after the snow stops falling does it take to clear an average storm?
<p>Primary Roads: The largest and busiest roads.</p> <p>Secondary Roads: Smaller and less busy roads that feed onto Primary Roads (e.g. schools, community centres).</p>	When snowfall begins	3cm	Standard paper clip 	3 to 12 hours
<p>Local Roads & Rear Lanes: Low traffic volumes and often lead to garages, parking spaces, and are located towards the back of a home.</p>	When it's deemed needed and effective	7.5cm at the end of snowfall	Bank card 	12 to 16 hours

 Do not park on City streets during a winter event. Our plows can't easily move around parked cars.
